

## OH I CAN App Guide for iOS Users

These instructions are intended to guide app users who are using an iOS system to input data how to download and input patient data into the OH I CAN app. These screenshots were taken on an iPhone and may be different from your device.

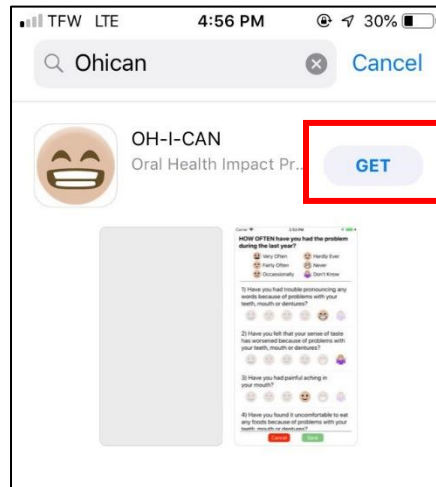

1. Download the app from the App Store

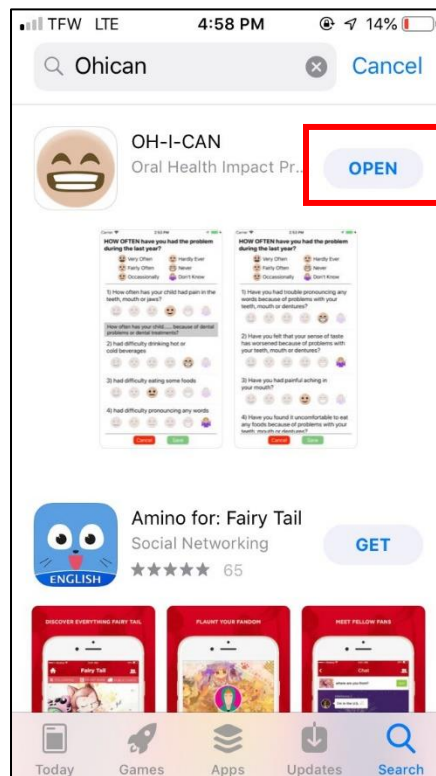

2. Search for the OH I CAN app.

3. Download the app.

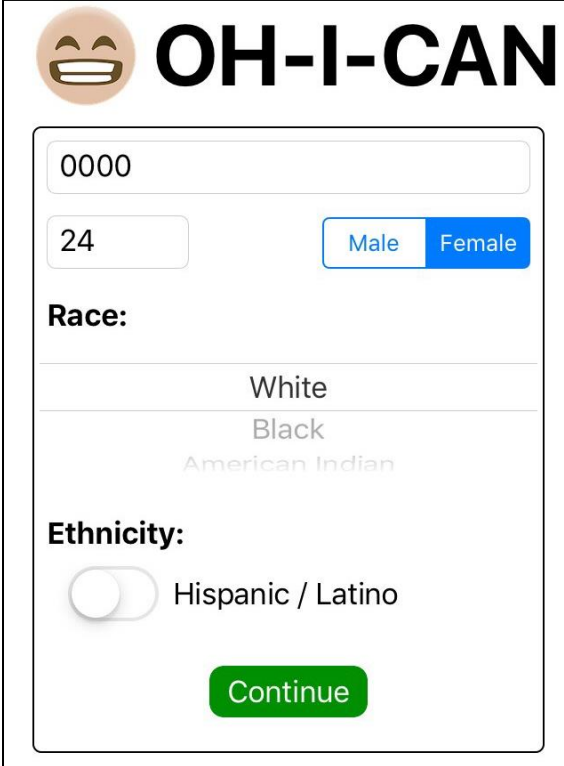

4. After downloading is complete, open the app.

5. Allow the app to locate your location.

6. Tap anywhere on the screen to open the app.

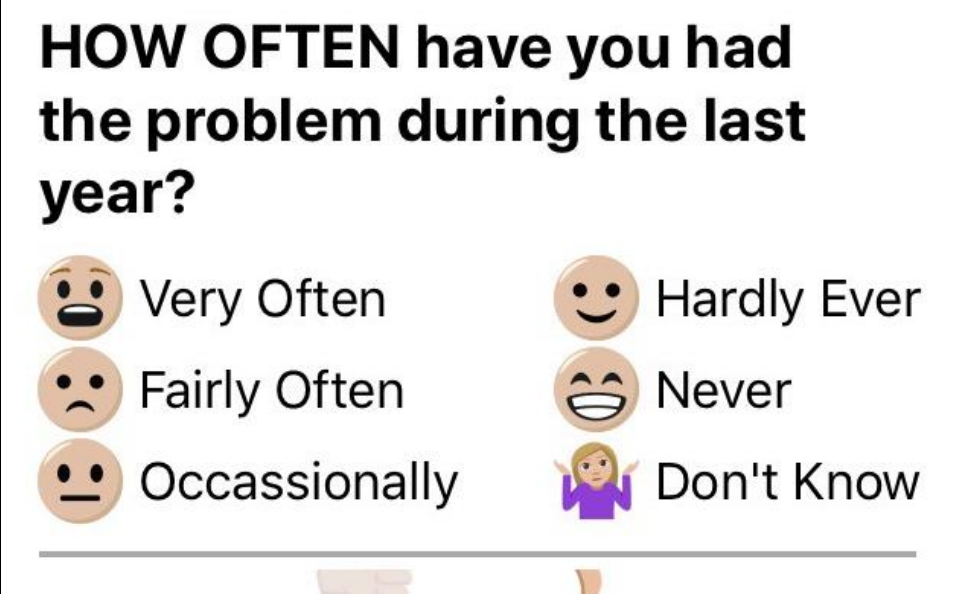

7. Input the case number, patient age, patient race, and patient ethnicity on the first page.

The image shows a patient registration form titled "OH-I-CAN" with a smiling face emoji. The form contains the following fields and options:

- Case number: 0000
- Age: 24
- Gender: Male (selected), Female
- Race: White (selected), Black, American Indian
- Ethnicity: Hispanic / Latino (toggle is off)
- Continue button

8. Fill out the patient questionnaire using the legend of emoticons at the top of the page. The last three questions of the questionnaire are answered with a thumbs up (yes) or thumbs down (no).

**HOW OFTEN have you had the problem during the last year?**

 Very Often	 Hardly Ever
 Fairly Often	 Never
 Occasionally	 Don't Know

---

9. Tap FINISHED to submit the completed patient questionnaire. The questionnaire cannot be submitted unless all the questions have been completed. Tap CANCEL to cancel the current questionnaire and go back to the first screen with patient demographic information.

**HOW OFTEN have you had the problem during the last year?**

 Very Often	 Hardly Ever
 Fairly Often	 Never
 Occasionally	 Don't Know
